Re: Division Administrative Order NSL-4120

Pogo Producing Company
Lost Tank "3" Fed. Well No. 4
Section 3, Township 22 South, Range 31 East, NMPM,
Eddy County, New Mexico

Dear Mr. Stogner:

The above order approved a location 1330 feet FNL and 330 feet FWL, based on potash restrictions. After the BLM approved that location, it then requested that the location be moved 150 feet east (1330 feet FNL and 480 feet FWL) because of a sand dune at the originally approved location. This move was requested by Barry Hunt of the BLM. As a result, Pogo Producing Company requests that the order be amended to approve the new location. As noted in the original application, there are no offset interest owners affected by the application or this request for an amended order. Please call me if you have any questions.

Very truly yours,

James Bruce
