Sandoval County, New Mexico  
Wildcat Mancos

Dear Mr. Fesmire,

This is a request for administrative approval for a non-standard location for a Wildcat Mancos well. The well was located as far east as possible on the 40 acre tract to take advantage of more favorable geology as determined by seismic data. The well could not be located in a legal location in the SE/SW due to topographic restrictions. Please refer to the attached topo map.

Westerly Exploration owns the mineral leases on all nine of the adjoining 40 acre spacing units and there are currently no offset wells producing from the Mancos formation.
