Mr. Stogner

Paul Lehrman sent the NSL application to you the week of August 21. Lance Oil & Gas is the only offset operator in this area. There will be a rig available the week of September 18th and Lance would like to know if there is any possibility you would have time to review and approve the NSL in time for us to utilize this opportunity.

Thank You.

Ms. Jones:

The subject application was received on August 28, 2006. I've run a preliminary review of the application and don't find any problems; however, the 20-day notification period starts the day the Division receives the application. The deadline is Sunday, August 17, 2006. The earliest I'm able to process/release the Division's approval will be Monday, August 18, 2006. Any action/work performed on this well prior to the issuance of an order from this office will be at the risk of the operator.
