Administrative Order NSL-74

Attention: Mr. Warren Slade

Gentlemen:

Reference is made to your application for approval of an unorthodox well location for your Marron Well No. 3 to be located 2190 feet from the South line and 1010 feet from the East line and in the NE/4 SE/4 of Section 27, Township 27 North, Range 8 West, South Blanco Pictured Cliffs Gas Pool, San Juan County, New Mexico.

It is our understanding that this unorthodox well location is based upon extreme topographic conditions in the SE/4 of said section.

Inasmuch as you are the only near offset operator, it is possible for immediate approval to be granted. Therefore, by authority granted me under provisions of Rule 4 of the Special Rules and Regulations of the South Blanco Pictured Cliffs Pool, as set forth in Order R-565-C, you are hereby granted an exception to Rule 3 of Order R-565-C for the above described unorthodox well location. You must also obtain like approval from the U. S. Geological Survey.

Very truly yours,

A. L. PORTER, JR.  
Secretary-Director
