Attention: Mr. E. J. Coel

Administrative Order NSL-88

Gentlemen:

Reference is made to your application for approval of an unorthodox well location for your San Juan Unit 28-7 Well No. 70 to be located 890 feet from the South line and 2250 feet from the West line and in the SE/4 SW/4 of Section 33, Township 28 North, Range 7 West, Blanco Mesaverde Gas Pool, Rio Arriba County, New Mexico.

It is our understanding that this unorthodox well location is based upon extreme topographic conditions in the SW/4 of said section.

Inasmuch as there are no other affected offset operators, it is possible for immediate approval to be granted. Therefore, by authority granted me under provisions of Section 1 (c) of the Special Rules and Regulations of the Blanco Mesaverde Gas Pool, as set forth in Order R-110 as amended by Order R-397, you are hereby granted an exception to Section 1 (c) of Order R-110 as amended by Order R-397 for the above described unorthodox well location. You must also obtain like approval from the U. S. Geological Survey.

Very truly yours,

A. L. PORTER, JR.  
Secretary-Director
