Subject: Unorthodox Location
Martinez Gas Unit "C" No. 1
Aztec-Pictured Cliffs Field

Mr. A. L. Porter (2)
New Mexico Oil Conservation Commission
P. O. Box 1901
Santa Fe, New Mexico

Dear Sir:

A communitization agreement is presently being negotiated to form a drilling unit for our Martinez Gas Unit "C" No. 1, Aztec-Pictured Cliffs Field, in the NE/4, Section 27, T-29-N, R-10-W, San Juan County, New Mexico. It will be necessary, however, to drill the well on this tract at an unorthodox location due to the width of the San Juan River through the area.

It is respectfully requested that Pan American Petroleum Corporation be granted administrative exception to well location requirements, as outlined in Order No. R-855 dated August 10, 1956, to provide for drilling the subject well at an unorthodox location. It will be necessary to locate the well 400 feet from the north line and 1650 feet from the west line of Section 27, T-29-N, R-10-W, to provide a drill site on dry ground on the north bank of the river. Pan American is the owner of all oil and gas leases within a radius of 790 feet of the proposed location.

We are attaching an incomplete well location plat for your information and to illustrate the need for drilling the well at the indicated unorthodox location. The well location and acreage dedication plat will be completed and filed with the notice of intention to drill if our request for the unorthodox location is granted.

Yours very truly,

PAN AMERICAN PETROLEUM CORPORATION
