Administrative Order NSL-144

Gentlemen:

Reference is made to your application for approval of an unorthodox well location for your Nearburg & Ingram No. 1-X Johnston Well to be located 2340 feet from the South line and 990 feet from the West line and in the NW/4 SW/4 of Section 7, Township 18 South, Range 27 East, Red Lake Pool, Eddy County, New Mexico.

It is our understanding that this unorthodox well location is based upon extreme topographic conditions in the NW/4 SW/4 of said section.

Inasmuch as you furnished waivers from the offset operators, it is possible for immediate approval to be granted. Therefore, by authority granted me under provisions of Rule 104 (f) of the Commission Rules and Regulations, you are hereby granted an exception to Rule 104 (c) of the Commission Rules and Regulations for the above described unorthodox well location. You must also obtain like approval from the U. S. Geological Survey if the well is located on land subject to the jurisdiction of the U. S. Geological Survey.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director
