Richard Ezeanyim
Oil Conservation Division
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

Dear Mr. Ezeanyim:

Pursuant to Division Rule 104.F(2), Mewbourne Oil Company applies for approval of an unorthodox oil well location for the following well:

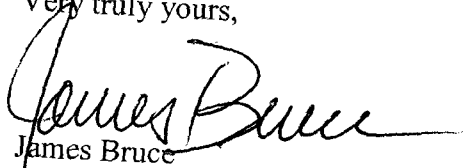

<u>Well:</u>	Eunice Southwest "8" State Well No. 1
<u>Location:</u>	1400 feet FSL & 1650 feet FWL
<u>Well Unit:</u>	NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 8, Township 21 South, Range 35 East, N.M.P.M., Eddy County, New Mexico

The well was drilled to and completed in the Morrow formation, and produced from the Morrow for a short period of time before becoming uneconomic. (The well is at an orthodox gas well location.) Applicant proposes to re-complete the well in the Wolfcamp formation (Undesignated Osudo-Wolfcamp Pool). The Wolfcamp formation spaced on statewide rules, with 40 acre spacing and wells to be located no closer than 330 feet to a quarter-quarter section line. A Form C-102 for the well is attached as Exhibit A.

A land plat is attached as Exhibit B. The SW $\frac{1}{4}$ and N $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 8 are covered by State Lease B-1481-18 (see Exhibit C). The royalty ownership is common in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and the offsetting SE $\frac{1}{4}$ SW $\frac{1}{4}$ (there are no overriding royalty owners). The working interests are subject to an operating agreement, and thus working interest ownership is common throughout the S $\frac{1}{2}$. Therefore, there is no adversely affected interest owner, and notice of this application has not been given to anyone.

Please contact me if you need any further information on this application.

Very truly yours,

James Bruce

Attorney for Mewbourne Oil Company
