Attention: Mr. E. S. Oberly

Administrative Order NSL 173

Gentlemen:

Reference is made to your application for approval of an unorthodox well location for your Rincon Unit Well No. 49 located 719 feet from the North line and 1652 feet from the East line and in the NW/4 NE/4 of Section 31, Township 27 North, Range 6 West, South Blanco Pictured Cliffs Gas Pool, Rio Arriba County, New Mexico.

It is our understanding that this unorthodox well location is occasioned by a relocation of section lines as a result of a recent United States Cadastral Survey.

By authority granted me under provisions of Rule 4 of the Special Rules and Regulations of the South Blanco Pictured Cliffs Gas Pool, as set forth in Order R-565-G, you are hereby granted an exception to Rule 3 of Order R-565-G for the above described unorthodox well location. You must also obtain like approval from the U. S. Geological Survey if the well is located on land subject to the jurisdiction of the U. S. Geological Survey.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director
