August 6, 1965

Mr. A. L. Porter
New Mexico Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico

Dear Mr. Porter:

As provided for in Order #R-2565, Rule 4, covering the Puerto Chiquito Mancos field, Dr. Samuel G. Dunn requests administrative approval to drill the Puerto Chiquito No. 20 well on an unorthodox location. The Puerto Chiquito No. 20 well will be a Mancos completion located 1990 feet from the south line and 950 feet from the east line of Section 27, T-26N, R-1E, Rio Arriba County, New Mexico.

The unorthodox location is requested in order to move the location out of an arroyo. Dr. Samuel G. Dunn operates the lease covering the W/2 of Section 26. Benson-Montin-Greer Drilling Corporation, as operator of the Puerto Chiquito Unit, is the only offset operator and has been notified of the application by registered mail. Mr. Greer has been asked to provide a written waiver in order to expedite the application and permit drilling operations to commence as soon as possible.

Very truly yours,

Lewis C. Jameson

Re: Unorthodox Location
Puerto Chiquito Pool:
Dr. Sam G. Dunn No. 20
Puerto Chiquito Unit

Dear Mr. Porter:

This is to advise you that Benson-Montin-Greer Drilling Corp. is operator of the oil and gas leases which offset to the north, the northwest, the west, the southwest and the south the proposed location of Dr. Dunn's in the southeast quarter of Section 27, Township 26 North, Range 1 East, Rio Arriba County.

Benson-Montin-Greer Drilling Corp. has no objection to the unorthodox location requested by Dr. Dunn, which we understand would be 950 feet from the east line and 1990 feet from the south line of Section 27, Township 26 North, Range 1 East.

Yours very truly,

BENSON-MONTIN-GREER DRILLING CORP.
