RE: REQUEST FOR ADMINISTRATIVE APPROVAL OF UNORTHODOX LOCATION
SOUTHLAND ROYALTY COMPANY
UNCLE COM. #1
UNIT C, SEC. 28, T18S, R33E (30-025-21246)
LEA COUNTY, NM-0997

Dear Mr. Stogner:

Meridian Oil Inc. as operator for Southland Royalty Company proposes to plug back the referenced well and abandon the perforations in the South Corbin (Morrow). We will then move uphole to perforate and stimulate the South Corbin (Wolfcamp) for production.

This well was drilled at an orthodox location or at an approved unorthodox location for the deeper horizons. The field rules for the South Corbin (Wolfcamp) require the well to be within 150' of the center of the quarter-quarter section. This location does not meet this requirement. The nearest lease line is 330' to the west and the nearest quarter-quarter section line is 330' to the west.

A plat showing ownership of all leases off-setting the 80 acre proration unit (laydown 80 acres) to be assigned is attached. All completed wells are also shown.

The off-set operators listed in Attachment A have been notified by registered mail of this request for approval of an unorthodox location for the Uncle Com #1 to be completed in and produced from the South Corbin (Wolfcamp). If they sign the waiver of objection, this will be sent to you upon receipt.

If you have any questions, please contact me at (915) 686-5678.

Sincerely,

Robert L. Bradshaw
