Gentlemen:

Benson-Montin-Greer Drilling Corp. proposes to drill a Mancos Formation test well in the southeast quarter of Section 9, Twp. 26N, Rge. 1E, Rio Arriba County. Because of topography in this area, the well has had to be located 700 feet from the south line and 1090' from the east line of this section. A plat of the proposed location and offset ownership is enclosed herewith.

We hereby request of the Commission that this well be drilled at the above-described unorthodox location.

Yours very truly,

BENSON-MONTIN-GREER DRILLING CORP.
