Re: *Administrative application for Fasken Oil and Ranch, Ltd. ("Fasken") to drill its Indian Hills Unit Well No. 15 (API No. 30-015-29870) at an unorthodox gas well location 1300 feet from the South line and 330 feet from the West line (Lot 5/Unit M) of Section 17, Township 21 South, Range 24 East, NMPM, Indian Basin-Morrow Gas Pool, Eddy County, New Mexico and to dedicate to said well a non-standard 326.14-acre gas spacing and proration unit comprising Lots 3, 4, 5, and 6 and the NW/4 (W/2 equivalent) of said Section 17.*

Dear Mr. Taylor:

On October 2, 1997 the Division received an objection from Yates Petroleum Corporation to the subject application, see copy of letter attached.

This application will therefore be set for hearing before a Division Hearing Examiner on the next available docket scheduled for November 6, 1997. Further review of this application and OCD records of wells within said Section 17 indicate that the additional matter of acreage reduction and the concomitant formation of a 337.72-acre gas spacing and proration unit comprising Lots 1, 2, 7, and 8 and the NE/4 (E/2 equivalent) of said Section 17 for Fasken's existing Indian Hills Unit Gas Com "A" Well No. 6 (API No. 30-015-20006), located at a previously approved unorthodox gas well location (see Division Administrative Order NSL-393, dated February 13, 1967) 1440 feet from the South and East lines (Lot 2/Unit J) of said Section 17 will need to be addressed at that time. This matter will therefore be advertised in the following manner:

"Application of Fasken Oil and Ranch, Ltd. for two non-standard gas spacing and proration units and an unorthodox gas well location, Eddy County, New Mexico. Applicant, in the above-styled cause, seeks approval to divide the existing standard 663.86-acre gas spacing and proration unit comprising all of Section 17, Township 21 South, Range 24 East (which is located approximately 3 miles east-northeast of the Marathon Oil Company Indian Basin Gas Plant), in the Indian Basin-Morrow Gas Pool currently operated by Fasken Oil and Ranch Ltd. and dedicated to its

Lots 1, 2, 7, and 8 and the NE/4 (the E/2 equivalent) of said Section 17, comprising 337.72 acres, is to be dedicated to the above-described Indian Hills Unit Gas Com "A" Well No. 6 and Lots 3, 4, 5, and 6 and the NW/4 (W/2 equivalent) of said Section 17, comprising 337.72 acres, is to be dedicated to the proposed Indian Hills Unit Well No. 15 (API No. 30-015-29870) to be drilled at an unorthodox gas well location 1300 feet from the South line and 330 feet from the West line (Lot 5/Unit M) of Section 17."
