APPLICATION FOR UNORTHODOX LOCATION
MOBIL OIL CORPORATION'S FEDERAL "X"
WELL #1, QUEEN FORMATION, LANGLIE-
MATTIX FIELD, LEA COUNTY, NEW MEXICO

Gentlemen:

Mobil Oil Corporation respectfully requests authorization to drill the subject well as an unorthodox location. This well is located on Unit N, 1633 ft from the west line and 668 ft from the south line of Sec. 15, T-25-S, R-37-E, Lea County, New Mexico. The United States Department of the Interior - Geological Survey approved the drilling of this well at a location of 1650 ft from the west line and 660 ft from the south line of the said section on June 11, 1969. However, when the dirt work was started, an 8" pipeline was discovered about a foot from this location. Due to the nearness of the pipeline, it was necessary to move to another site. Because of the angle the pipeline traverses the lease in this area, the revised location set forth in this request was selected because it is the minimum distance the location could be moved and clear the pipeline.

Five copies of Forms 9-331C and C-102 are being furnished the U.S.G.S.

The offset operators have been notified of this application by registered mail. These offset operators are:

Humble Oil & Refining Company, Box 1600, Midland, Texas 79701
Gulf Oil Corporation, Box 1938, Roswell, New Mexico 88201
A. R. Eppenauer, Box 278, Marfa, Texas

Administrative approval of this application is requested. Should additional information relative to this matter be required, please advise.

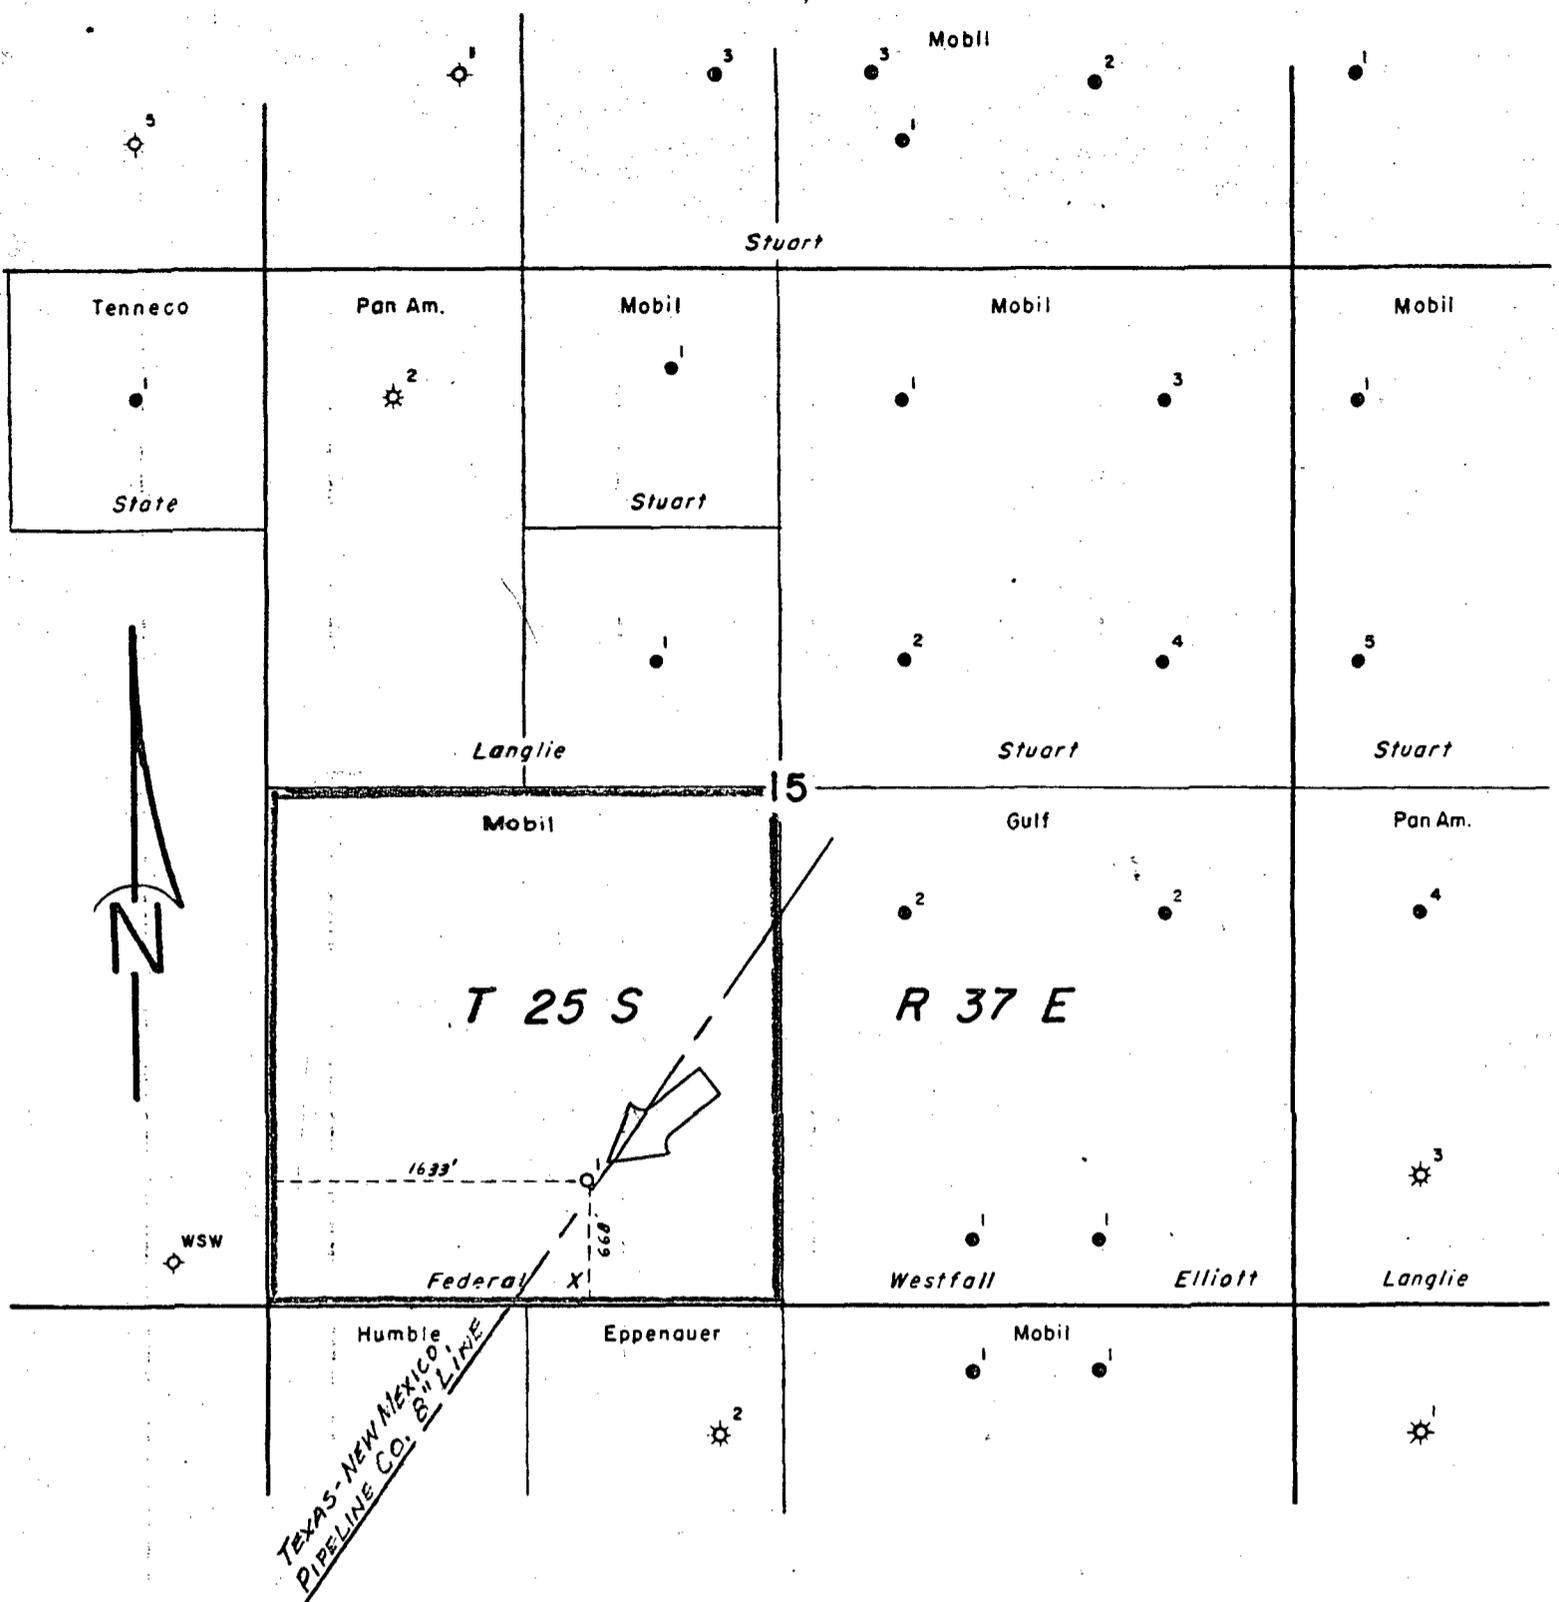

Very truly yours,

Ira B. Stitt
