2. ACOI 141 further provides that if Operator returns to compliance with OCD Rule 201 at least six of the wells identified in Exhibit A by February 28, 2007, and files a timely compliance report, the OCD shall issue an amendment extending the terms of ACOI 141 for an additional six-month period, requiring Operator to return an additional six wells to compliance by that deadline.

3. Operator filed a timely compliance report, and the OCD has verified that OCD records indicate that Operator has returned the following wells identified in Exhibit A to compliance:
