Gentlemen:

As you know, we plan to drill a 10,200 foot Morrow test at a location 660' FEL and 750' FSL of Section 5, Township 24 South, Range 24 East. Your acceptance of the unorthodox location will be evidenced by signing and returning one copy of this letter.

If not objected to, the Oil Conservation Commission will probably grant us administrative approval of the unorthodox location due to topographical reasons. Upon your signing and returning this letter, we shall forward it to Mr. Dick Stamets, Oil Conservation Commission, Santa Fe, New Mexico.

We hope to begin construction on the location August 19, 1976; therefore, please expedite this matter.

Very truly yours,

Jack W. McCaw

RE: Our letter dated 8-18-76 concerning
Lechuguilla Canyon Unit #1.

Dear Mr. Ramey:

At the request of the Bureau of Land Management, we have changed the location of the Lechuguilla Canyon Unit #1 to 900' from the South line and 710' from the East line of Section 5-24S-24E, Eddy Co., NM. There was a representative from the Oil Conservation Commission present at the field inspection

Thank you for your attention to this correction.
