Mr. Joe Ramey
New Mexico Oil Conservation Commission
Post Office Box 2088
Santa Fe, New Mexico 87501

Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the Blanco Mesa Verde pool.

It is intended to locate the El Paso Natural Gas Company's Hughes A #6A at 2040' from the West line and 2355' from the North line of Section 33, T-29-N, R-8-W, San Juan County, New Mexico.

Cliffs, in conjunction with Cutter Dam and an irrigation flume, make it impossible to build an orthodox location.

All operators of proration units offsetting the proposed unorthodox location have been notified of this application by certified mail.

Plats showing the proposed well location and the terrain of Section 33, along with an ownership plat, are attached.

Yours truly,

Don Walker

Re: Unorthodox Gas Well Location

Gentlemen:

El Paso Natural Gas Company has requested administrative approval for an unorthodox location for a well in the Blanco Mesa Verde pool.

It is intended to locate the El Paso Natural Gas Company's Hughes A #6A at 2040' from the West line and 2355' from the North line of Section 33, T-29-N, R-8-W, San Juan County, New Mexico.

Cliffs, in conjunction with Cutter Dam and an irrigation flume, make it impossible to build an orthodox location.

In compliance with New Mexico Oil Conservation Commission rules, we are notifying you, as operators of an offsetting proration unit, of our application for administrative approval for the aforementioned unorthodox gas well location. Enclosed are three copies of this letter. If there is no objection to this location, please sign and return one copy to the New Mexico Oil Conservation Commission, Post Office Box 2088, Santa Fe, New Mexico 87501; one copy to El Paso Natural Gas Company; and keep one copy for your files.

A plat showing the proposed well location and offsetting Mesa Verde lease ownership is attached.

Yours truly,

Don Walker
