Re: Application for Non-Standard  
Location Hi Roll No. 2 and 3  
Section 35, T-27-N, R-13-W,  
San Juan County, New Mexico

We may not process the subject application for non-standard location until the required information or plats checked below (is) (are) submitted.

- A plat must be submitted showing the ownership of the offsetting leases.
- A statement must be submitted that offset owners have been notified of the application by certified mail.
- A plat must be submitted fully identifying the topography necessitating the non-standard location.
- The application must be signed.

Very truly yours,

R. L. STAMETS  
Technical Support Chief

J. GREGORY MERRION  
PETROLEUM ENGINEER

RE: Unorthodox locations  
for Hi Roll #2 & #3  
and Hill #1

Dear Sir:

Pursuant to our conversation of June 14th, enclosed are topographic plats showing our proposed locations.

The Hi Roll #2 well was moved by the Bureau of Indian Affairs to avoid infield conflict with their proposed irrigation system. The Hi Roll #3 was moved entirely out of a proposed field, as our desired location on this well was within the field boundary.

The Hill #1 Blanco Mesaverde well will be located in the NE of Section 30, T26N, R2W, Rio Arriba at the following distances:

1650 ft. FNL and 750 ft. FEL

I trust this information is satisfactory.

Yours truly,

MERRION & BAYLESS
