If a Watercourse was Impacted, Describe Fully.*					
Describe Cause of Problem and Remedial Action Taken.*					
Historical oil tank (out of service approximately 20 yrs.) was cleaned out and sludge / residue left on the ground.					
Describe Area Affected and Cleanup Action Taken.*					
Area is approximately 50' x 50'. Impacted material will be removed to an NMOCD approved disposal facility. Samples will be collected below the excavation. Excavation will be backfilled with clean soil.					

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
