Gentlemen:

Application For Unorthodox Location
Likins Gas Com "A" No. 3E
2040' FSL & 1790' FEL, Section 34, T30N, R9W
Basin Dakota Field
San Juan County, New Mexico

5/2 dedication

Amoco Production Company hereby requests administrative approval of a non-standard location for the Likins Gas Com "A" No. 3E to be drilled 2040' FSL and 1790' FEL, Section 34, T30N, R9W in the Basin Dakota Field. We request approval of our application due to the rugged terrain of the area, existing pipelines, buildings and houses in the area, existing wells and facilities and a child's grave. The offset acreage belongs to Amoco Production Company as indicated on the attached map. The map notes the proposed drillsite, operators and Basin Dakota wells in the immediate vicinity. A topograph map is also attached.

Sincerely,

R. W. Schroeder
BSA

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Amoco Production Company has staked the above referenced well in a non-standard location, 2040' FSL x 1790' FEL, Section 34, T30N, R9W, San Juan County, New Mexico. The staking of this well at a non-standard location is due to the rugged terrain of the area, existing pipelines, buildings, houses in the area, existing wells and facilities and a child's grave. The move is toward Amoco acreage. A plat and topographic map are attached.

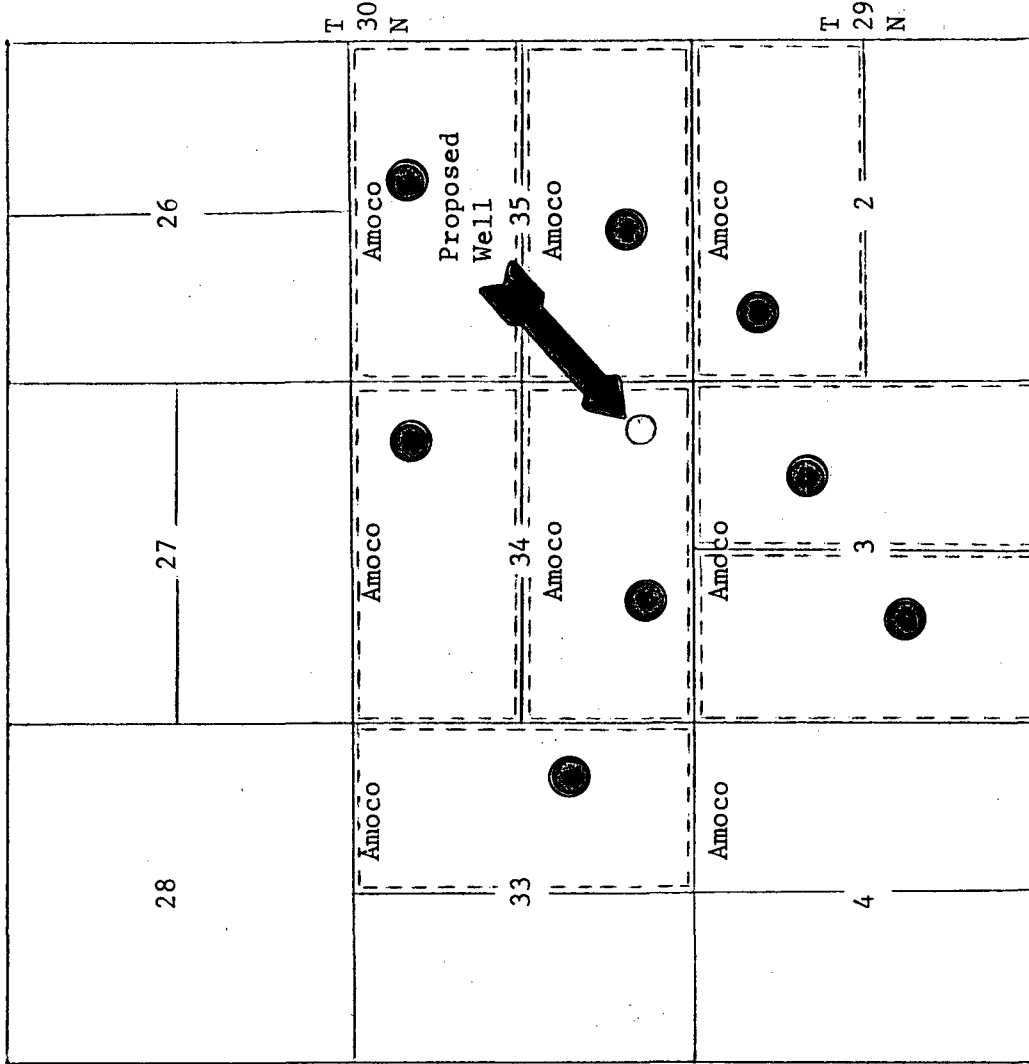

The APD of this non-standard location has been filed and approved with the NMOCC, Aztec on May 29, 1979.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
