---	---

If a Watercourse was Impacted, describe Fully\*  
NA

Describe Cause of Problem and Remedial Action Taken.\*  
210 bbls tank got a hole in the bottom.

Describe Area Affected and Cleanup Action Taken.\*  
This spill was inside the berm with approximately 10 soaking through the berm and running down the lease road. The remaining free fluid was picked up by a vacuum truck. Hungry Horse has been called in to remove as much contaminated soil as possible without compromising the equipment. (tanks and vessets)

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
