Attn: Joe D Ramey

RE: Non Standard Oil Well Location
Section 20 T-17S R-30E
McIntyre A-9

Gentleman:

Holly Energy Inc. seeks administrative approval of an unorthodox Oil Well location under the provisions of paragraph F of Rule 104 of Oil Conservation Department Rules & Regulations dated January 1, 1976 based upon topographical conditions.

The Standard location in Lease No. LC 057634 falls in Highway U.S. 82. We propose to move location 90' to the North because of Highway U.S. 82 and power lines that are running 30' to the North and parallel with Highway.

The Non-Standard Location requested is 2400' FSL & 1600' FEL Section 20 T-17S R-30E. The proposed Well is the San Andres formation at a proposed depth of 3500 feet.

A lease ownership plat, indicating the location of Highway, Electrical Power lines and Telephone Building is enclosed. Each offset operator is being notified by three copies of this letter (Via Certified Mail) and is asked to indicate Wavier of Objection, by authorized signature, off-set operators are requested to mail one copy of this letter to Joe D. Ramey, Energy And Minerals Department Oil Conservation Division. P.O. Box 2088 Santa Fe, New Mexico and return the other copy to Mr. Robert Loyd, Holly Energy Inc. P.O. Box 726 Artesia, New Mexico 88210 in the stamped, self adressed envelopes enclosed.

Robert Loyd
Production Superintendent

All distances must be from the outer boundaries of the Section.

Operator Holly Energy, Inc.,		Lease Mc Intyre "A"		
Unit Letter J	Section 20	Township 17 South	Range 30 East	County Eddy
Actual Footage Location of Well: 2400 feet from the South line and 1600 feet from the East line				
Ground Level Elev. 3639.6	Producing Formation Grayburg-San Andres	Pool Grayburg-Jackson	Dedicated Acreage: 40 Acres	

1. Outline the acreage dedicated to the subject well by colored pencil or hachure marks on the plat below.
2. If more than one lease is dedicated to the well, outline each and identify the ownership thereof (both as to working interest and royalty).
3. If more than one lease of different ownership is dedicated to the well, have the interests of all owners been consolidated by communitization, unitization, force-pooling, etc?
 Yes No If answer is "yes," type of consolidation _____

If answer is "no," list the owners and tract descriptions which have actually been consolidated. (Use reverse side of this form if necessary.) _____

No allowable will be assigned to the well until all interests have been consolidated (by communitization, unitization, forced-pooling, or otherwise) or until a non-standard unit, eliminating such interests, has been approved by the Commission.
