Attn: Mr. R.L. Stamets

Gentlemen:

Pennzoil Company proposed to plug back and recomplate the Rock Island State Well No. 1 located in Unit C of Section 3, T-17-S, R-34-E, Lea County from the Vacuum Lower Wolfcamp North pool to the North Vacuum Abo poo]. As an Abo producer the well will be governed by special rules which require that the well be located within 150' of center of either the NW/4 or SE/4 of a quarter section. Since this well is located in the NE/4 of the NW?4 it is necessary to obtain approval for the unorthodox location.

Therefore, Pennzoil respectfully requests approval to recomplate the well as outlined above and as shown on the attached waivers. Notification by certified mail has given to all offset operators.

If further information is required, please advise.

Very truly yours,

L. Charles Marquart
District Production Manager
