Application for Right to Produce
Basin Dakota Gas from J. C. Gordon "D" No. 3E
Unorthodox Well Location in NW/4 of Section 23-T27N-R10W
San Juan County, New Mexico

Pool

By this verified application submitted in triplicate, Amoco Production Company requests approval to produce gas from the Basin Dakota Formation in J. C. Gordon "D" No. 3E, 450' FNL and 1,580' FWL of Section 23-T27N-R10W.

A Form C-102 is enclosed illustrating the topographic problems encountered in selecting a suitable well site. A plat also is enclosed which shows offset wells and operators. In this instance there is no offsetting acreage, other than Amoco's leaseheld acreage, that could be affected by the unorthodox location of Garcia Gas Com "B" No. 1-E.

We therefore respectfully request your early administrative approval of this application.
