Attention: Mr. Joe Ramey

Dear Sir:

Supron Energy Corporation filed for a non standard location to drill our Angel Peak No. 24 well to the Fruitland formation in the Aztec pool to be located 1874 feet from the South line and 1790 feet from the East line of Partial Section 10, Township 28 North, Range 11 West, N.M.P.M. of San Juan County, New Mexico by letter dated February 18, 1981.

The dedication plat which was forwarded with the request was unacceptable. We have rededicated the acreage to this well and have attached a new dedication plat for this well.

If additional information is required please let us know.

Sincerely yours,

SUPRON ENERGY CORPORATION

Attention: Mr. Joe Ramey

Gentlemen:

Supron Energy Corporation desires to drill a well to be named the Angel Peak number 24 to be located 1874 feet from the South line and 1790 feet from the East line of partial Section 10, Township 28 North, Range 11 West, N.M.P.M., of San Juan County. We desire to drill this well and complete it in the Aztec pool and the Fruitland formation.

The acreage dedication is on a non standard location being only 270 feet from the North section line. We do not believe that this proposed well can be moved from the above described location as this particular formation sand can only be found in very isolated spots. We have attached a plat showing the proposed acreage to be dedicated to this well. The Fruitland zone was discovered during the drilling of our Angel Peak number 5-R well, previously approved for drilling to a deeper formation, 60 feet West of this proposed location.

It is requested that Supron Energy Corporation be granted approval to drill the Angel Peak number 24 well on a non standard footage location and drilling unit due to the fact that we reasonable could not be expected to complete a commerical well in this formation by moving a greater distance away from the known zone.

We have attached a plat showing the offset operators. These offset operators have been notified of our intention by Certified mail on February 18, 1981. We also have attached a topography plat of the subject area, taken from the Bloomfield Quadrangle.

Sincerely yours,
SUPRON ENERGY CORPORATION
