Re: Application for Non-Standard location  
San Juan 31-6 Unit #3A  
745' FSL & 1955' FEL  
Sec 6, T30N, R6W

Dear Mr. Stamets:

Northwest Pipeline Corp. requests permission to drill the above captioned well in a Non-Standard location due to topographical reasons. The proposed well is currently staked as close as possible to the canyon wall which overlooks Lake Navajo. A copy of the surveyors plat and a topographical map are attached.

The El Paso Company is the only offset owner to this well and they have been notified of the Non-Standard location by certified mail. A copy of this letter along with a copy of the receipts for certified mail are enclosed.

Thank you

*Paul C. Thompson*

Dear Mr. Ahlm:

Northwest Pipeline has requested permission from the New Mexico Oil Conservation Commission to drill a well in a Non-Standard location due to topography. Our records show you are an offset owner of the well which is described below. Notify Joe Ramey, with the NMOCC in Santa Fe, if you have any objections to this location within 20 days. This letter is being sent by certified mail in accordance with NMOCC regulations.

Location: San Juan 31-6 Unit Well  
No. 3-A, Sec. 6, T-30-N, R-6-W,  
Rio Arriba County, New Mexico

We may not process the subject application for non-standard location until the required information or plats checked below (is)(are) submitted.

- A plat must be submitted clearly showing the ownership of the offsetting leases.
- A statement must be submitted that offset owners have been notified of the application by certified mail.
- A plat must be submitted fully identifying the topography necessitating the non-standard location.
- Other: The plat submitted shows El Paso as an offset operator, however, they do not appear to have been notified.

Very truly yours,

R. L. STAMETS  
Technical Support Chief
