Dear Mr. Stamets,

Due to topography and because the location is on an existing pad,
a spacing exception is being requested for the above-referenced
location.

Supron Energy Corporation holds the lease to the south of this
location (See Diagram). Attached is a letter signed by Haskell
Fleetwood of Supron stating there is no objection to drilling of
this well.

In addition we have included a topographic map and location and
elevation plat for this location.

If anything more is required, please advise.

Sincerely yours,
