Dear Mr. Jones:

Enclosed is the original of the Affidavit of Publication for the captioned well to convert it to an injection well. XTO Energy used the incorrect address for the Oil Conservation Commission in its initial publication. As per your request to James Hedrick, Sr. Operations Engineer, the Legal Notice was published again on August 26, 2003. With the receipt of the Legal Notice publication, XTO hopes that all rules and regulations have been met to approve XTO's application for this well.

Thanks for your assistance in this matter. If further correspondence is needed, please give XTO a call at Area Code 432/682-8873.

Yours truly,

A handwritten signature in cursive script that reads 'Janice Courtney'.
