

WVJ

SAGA PETROLEUM LLC

GE MATTIX FEDERAL #7

Test Date
9/24/2003

Step Rate Test

Ran step rate test with electric surface readout unit and 1 electronic pressure instrument @ run depth of 3556' and surface pressure transducer.

Saga Petroleum LLC
GE Mattix Federal #7
Test Date 9/24/2003

[illegible]

Run Depth: 3556

Perforations: 3474-3638

Formation: Queen / Penrose

Total Depth: 3630

Tubing Depth: 3400

Pkr. Depth: 3400

Tested By : J. Chesshir

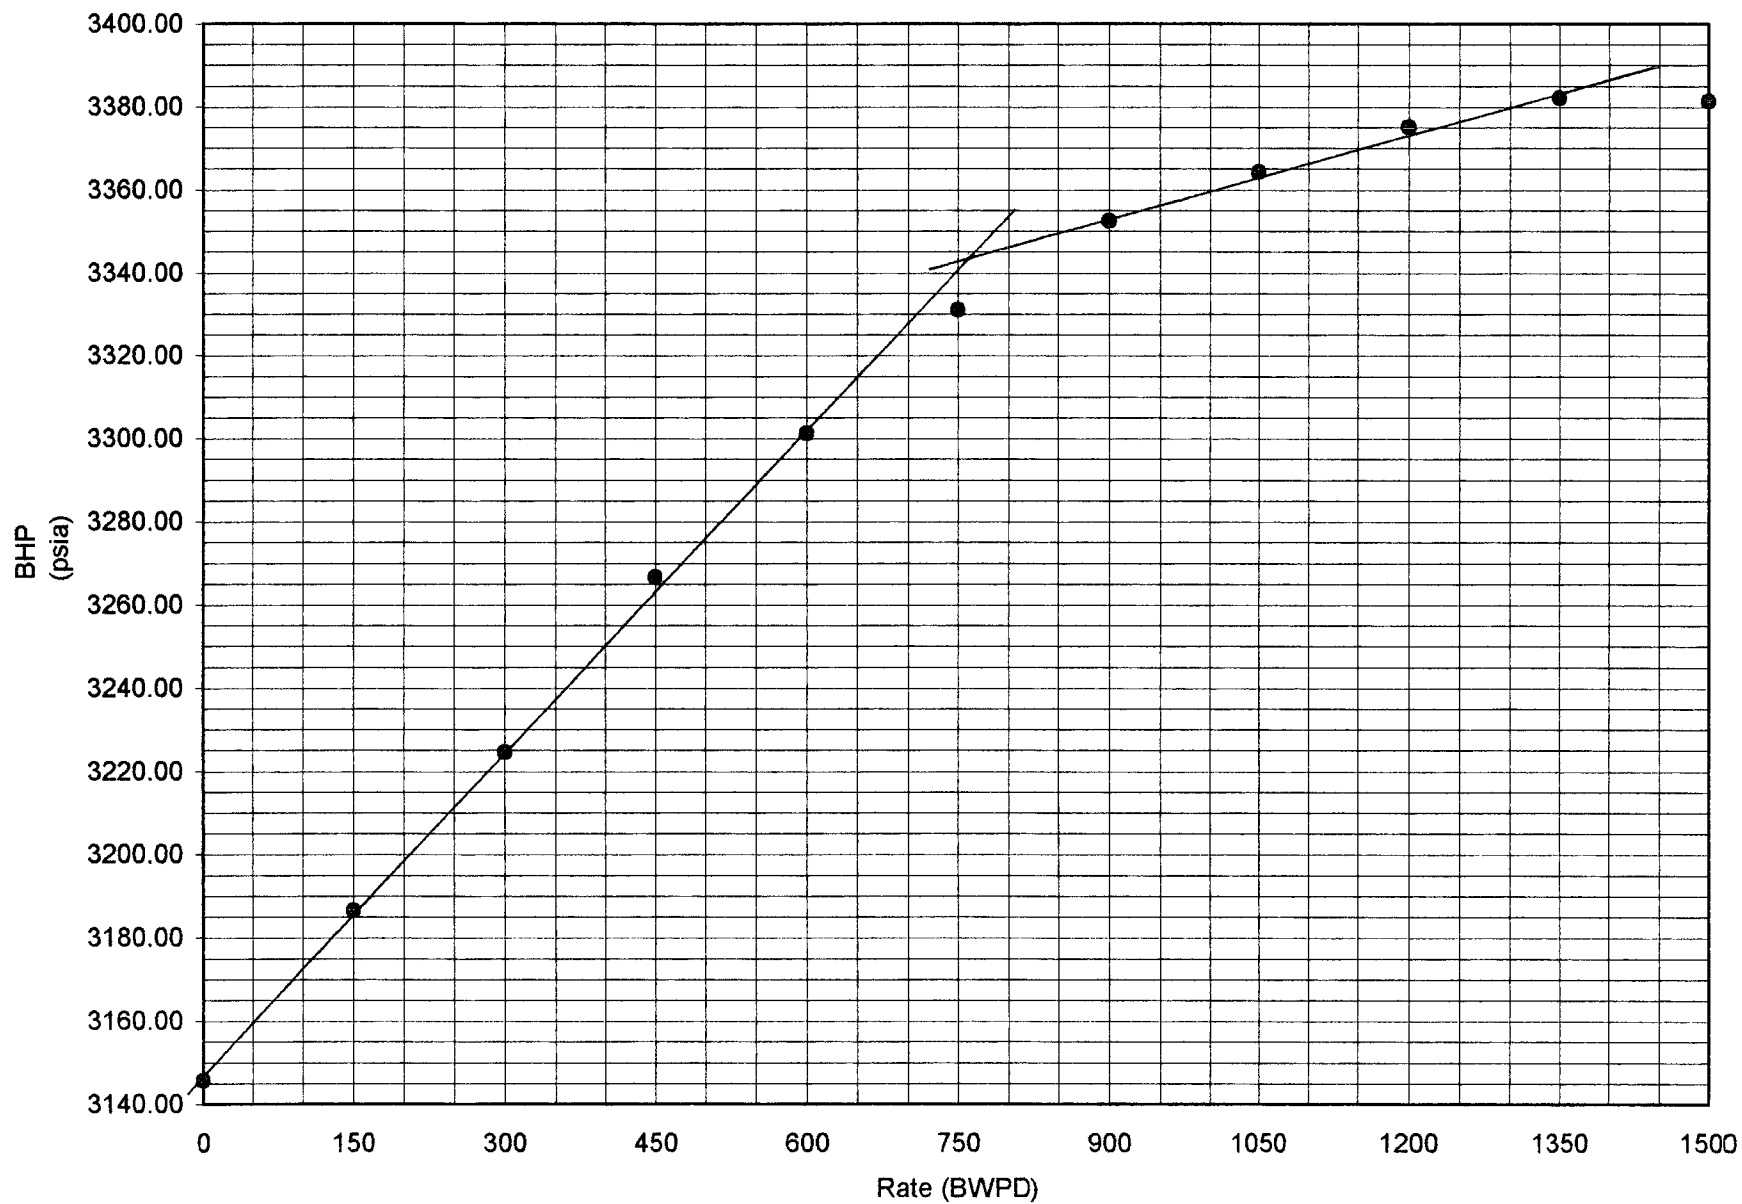

Instrument #: 71061

TEST RESULTS

Parting Pressure @ 3344 BHP (Psia) @ 757 BWPD
