Miles #1A - Proposed Chacra/Mesaverde dual  
2300' FNL & 1585' FWL Sec. 5 T26N R7W  
Rio Arriba County, New Mexico

Dear Sir:

As provided in Rule 104-F; DEPCO, INC. is requesting an exception to the location requirement of Rule 104-C II (b) for the above captioned well to be located 2300' from the North line and 1585' from the West line of Section 5.

The reason for this request for a non-standard location is the extreme topography that exists, making it impossible to construct a standard drill site: i.e. 600' vertical cliff, rockfall and rubble, pipeline and a major wash.

The attached copy of a U.S.G.S. topo map shows the general situation. Also attached is evidence of notification of the off-set operator of the proposed well and ownership plat as per regulation.

We would appreciate a reply at your earliest convenience.

Very truly yours,

*F. P. Crum, Jr.*
