RE: Unorthodox location request,
Tenneco Hamner #11 1190 S 2130 E
SE/4, Sec. 20, T29N, R9W
San Juan County, New Mexico

*undesignated
Gallup Gas*

Dear Mr. Stamets:

The attached unorthodox location request was submitted to your office on August 10, 1982. I called Jeff Edminister on October 4th and he indicated that the Axtec office had received its copy but no record of the application could be found in your Santa Fe office. He suggested that I send you this copy of the application and you could proceed with the approval.

Your earliest response as to the status of approval will be appreciated. If you have any questions, please call me at (303) 740-2589.

Very truly yours,

TENNECO OIL COMPANY

Ken Russell
Sr. Production Analyst

San Juan, NM

Blanco-Mesa Verde

Gentlemen:

Attached in duplicate (to each office) are a well location plat (C-102) with a sketch of the surrounding conditions and an ownership plat for the above referenced well.

Due to steep topography, the well location was placed where it does not meet State spacing requirements. The proposed location is the only geologic and topographic site acceptable.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to the authority of Rule 104-F we respectfully request your approval of an exemption to the standard well location requirements.

Yours very truly,

TENNECO OIL COMPANY

Gentlemen:

Attached in duplicate (to each office) are well location plats (C-102) with a sketch of the surrounding conditions and an ownership plat for the above referenced well.

Tenneco received approval of an unorthodox location for a Mesaverde gas well on February 3, 1982. Since that time the well has been drilled and completed in the Gallup formation. As previously noted this is the only geologic and topographic site acceptable for the referenced well.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to the authority of Rule 104-F we respectfully request your approval of an exemption to the standard well location requirements.
