Rusty Chacra Poo

Dear Mr. Stamets:

Northwest Exploration Company requests permission to drill the above captioned well in a non-standard location. This well was moved to its present location at the request of the BLM to avoid drilling too close to an occupied house. The land north of the house is unsuitable due to a large wash and a cultivated field.

Dome Petroleum is the only offset operator to this well. Other lands offsetting this well are Navajo Indian Allotment or un-leased Federal acreage. Dome has been notified of this wells non-standard location by certified mail. A copy of this letter along with the receipt for certified mail is enclosed.

Thank you,

Paul C. Thompson

Re: Application for Non-Standard
Location: Natani No. 20
Sec. 34, T-22-N, R-6-W
Sandoval County

We may not process the subject application for non-standard location until the required information or plats checked below (is)(are) submitted.

- A plat must be submitted clearly showing the ownership of the offsetting leases.
- A statement must be submitted that offset owners have been notified of the application by certified mail.
- A plat must be submitted fully identifying the topography necessitating the non-standard location.
- Other: In the absence of a leasee, notice must be given to the mineral interest owner.

Very truly yours
