Chaves County, New Mexico

Dear Mr. Ramey:

Yates Petroleum Corporation would appreciate an administrative approval for a proposed unorthodox Abo gas well location as provided for under NMOCD Rule 104F.

The enclosed map shows the topography in the northwest quarter of Section 14. Our preferred location was 660' FNL and 1980' FWL. As can be seen on the map, this location falls on the Mapco pipeline right-of-way. The MMS and BLM will not approve this location; they will approve 660' FNL and 2180' FWL. Thus, we are requesting administrative approval for this location for topographic reasons.

The enclosed land map shows the offset operators who have been notified by certified mail of our request.

We will appreciate your expeditious approval and issuance of the administrative order.

Very truly yours

Ken Beardemphl

Dear Mr. Ramey:

Subject: Unorthodox Location  
Yates - Monaghan "QY" Federal #7  
Pecos Slope Prospect  
Chaves County, New Mexico

With reference to Yates Petroleum Corporation's letter dated May 18, 1982 to you, please be advised that Mesa Petroleum Co. as offset operator, has no objection to the proposed unorthodox location as provided for under NMOCD Rule 104F.

Yours very truly,
