RE: Request for Spacing Exception  
Petro-Lewis Corporation  
Florance 8A  
SW NW Sec. 5, T25N, R3W  
2036' FNL and 1000' FWL  
Rio Arriba County, N.M.

Dear Mr. Stamets:

Petro-Lewis Corporation hereby requests approval of an unorthodox location on our Florance 8A at a location 2036' FNL and 1000' FWL, Section 5, T25N R3W, Rio Arriba County, New Mexico.

This well was originally approved as an orthodox location in the Basin Dakota Gas Pool. Following completion it was classified as an oil well in the Ojito Gallup Dakota Oil Pool. Due to different spacing requirements in the two fields, the location became unorthodox. The Florance 8A is located approximately 198' north and 10' east of a legal location in the Ojito Gallup Dakota Field.

A copy of this application is being sent to the offset operators on the attached page with the request that they furnish you a waiver of objection and return one copy of the same to me. There are no direct offset operators of Dakota wells.

Sincerely,

*William D. Fulton*
