Mr. Sexton,

Sun Exploration and Production Company requests administrative approval for an unorthodox oil well location, 1980 feet from the North Line and 1400 feet from the East line of Section 22, for the referenced well. This well received approval by hearing (Case No. 7503, Order No. R-6927) for an unorthodox gas well location and non-standard gas proration units. The well is located 80 feet from the outer boundary of the quarter-quarter section. (Exception to Statewide Rule 104B).

Attached is an area plat of the surrounding leases and also a copy of the letter and waiver mailed to the offset operators. (Waviers mailed to Offset operators on July 30, 1982).

If you have any questions or need additional information, please contact me at (915) 685-0454.

Very truly yours,

Dee Ann Kemp
