RE: Stribling #2

Basin
Dakota

Gentlemen:

We request administrative approval of an unorthodox location for a Dakota formation gas well.

You will note from the enclosed plat that the proration unit is a long narrow strip set up by your Order R-2046. Because the width of the tract is only 1,498 feet, it is impossible to comply with the regulation calling for the location to be no closer than 790 feet from the nearest lease line. By copy of this letter to offset leaseholders we are asking they waive any objection to this location.

Yours truly,

Robert L. Bayless

We may not process the subject application for non-standard location until the required information or plats checked below (is) (are) submitted.

- ☐ A plat must be submitted clearly showing the ownership of the offsetting leases.
- ☒ A statement must be submitted that offset owners have been notified of the application by certified mail. Without this statement we cannot approve the application unless we receive all waivers.
- ☐ A plat must be submitted fully identifying the topography necessitating the non-standard location.
