Re: Tolmac St. No. 3
Lease #L-2464
Sec. 36-T9S-R25E
2310' FEL & 2310' FNL
Chaves County, N.M.

Abo Gas

Dear Mr. Ramey:

McClellan Oil Corporation would appreciate an administrative approval for a non-standard Abo gas well location, as provided for under NMOCD Rule 104 F.

The enclosed map shows the topography problem, as there is a draw to the northeast of our present staked location. Thus, we were unable to stake our preferred location of 1980' FNL & 1980' FEL. We are requesting administrative approval for this location for topographical reasons.

McClellan Oil Corporation is the offset operator to this location as shown on the enclosed lease map.

We will appreciate your expeditious approval and issuance of the administrative order.

Sincerely yours,

Mark McClellan
