Dear Mr. Ramey:

Getty Oil Company requests approval of an Unorthodox Well Location for the above-referenced well. This well was staked at this location because of the location of a buried pipeline nearby as shown on our Well Location Plat (C-102). Please find attached a list of the names and addresses of the lessees of all offsetting properties and a plat showing these offset leaseholders and properties.

By copy of the attached letter and attachments, offset leaseholders were notified of this request for a well location exception by certified mail.

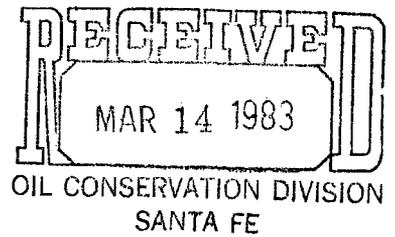

Very truly yours,

Getty Oil Company
