2 wells in
Waivers in
Immediate
approval
Rule 104 F*

Dear Mr. Ramey:

The purpose of this letter is to request administrative approval without notice and hearing of an unorthodox well locations within a secondary recovery project. The well locations for which administrative approval is sought are the M. Dodd B No. 36 located 330 FSL 1345 FEL in Section 14, Township 17 South, Range 29 East, and the M. Dodd A No. 26 located 2615 FSL and 1345 FEL in Section 22, Township 17 South, Range 29 East, Eddy County, New Mexico. Each well will be completed in the Grayburg San Andres formation in the Grayburg Jackson Seven Rivers Queen Grayburg San Andres Pool. Both wells will permit and continue to effect an efficient production and injection pattern within the secondary recovery project and are necessary for adequate drainage. Note that these locations are not closer than 330 feet to an outer boundary of either lease nor closer than 10 feet to any quarter quarter section line.

On December 21, 1982 Marbob sought administrative approval for 5 unorthodox well locations on the M. Dodd B, M. Dodd A, and Tom Boyd Dodd leases all in Township 17 South, Range 29 East. The request was subsequently amended and approval was subsequently granted on only the two of the five wells. (M. Dodd B, 75 FNL 25 FWL Section 14, T-17S, R-29E and Tom Boyd Dodd No. 6, 1295 FSL 2310 FEL Section 11, T-17S, R-29E). Attached to Marbob's letter of December 21, 1982 were exhibits which set forth in more detail the nature of the secondary recovery project, indicating specifically which wells were production and which were injection wells. I would ask that you please refer to those exhibits as if they were exhibits hereto. I have revised Exhibit B, however, to accurately reflect the current situation on the leases. I have also attached plats prepared by John West on the above referenced locations. Please note that the well designated herein as the M. Dodd A No. 26 was originally included in our letter of December 21, 1982 and was referred to as the M. Dodd A. No. 23.

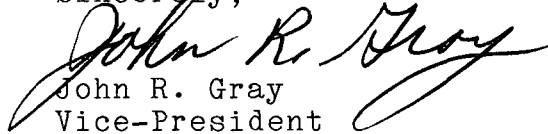

With the exception of Tenneco and Phillips Oil Company (General

*Plat
in old
NSV
1650*

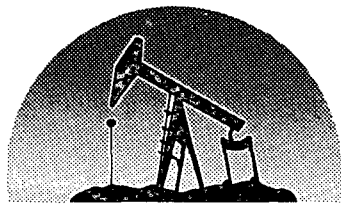

American), Marbob operates the proration units offsetting the proration units containing the proposed unorthodox locations in the Grayburg Jackson Seven Rivers Queen Grayburg San Andres Pool. Both Tenneco and Phillips have been notified of this application and have been requested to notify you if they have no objections.

Thank-you very much for your help in this matter. Should you have any further questions or be in need of any additional information, please contact Kevin Bliss or Raye Miller.

Sincerely,

John R. Gray

RE: Application for Non-Standard
Location:
M. Dodd B #36
Grayburg Jackson Pool,
Eddy County, New Mexico

Dear Sir:

Enclosed please find a copy of the approval by Phillips Oil Company of the above described unorthodox location. Phillips Oil Company was the only offset operator to this application.

Thank-you for your help in this matter.

Sincerely,

Raye Miller

Gentlemen:

Marbob Energy Corporation, as operator of the M. Dodd B. No. 36, hereby notifies you that we have applied to the New Mexico Oil Conservation Division for administrative approval of an unorthodox location and permit to drill at the above location. Administrative approval is being sought on the basis that the well is being drilled in a secondary recovery project.

You are being contacted as an operator of a proration unit offsetting the above described location in the Grayburg Jackson Seven Rivers Queen Grayburg San Andres Pool. If you have no objections to the drilling of this well sign below and forward one copy to the NMOCD in Santa Fe, one copy to this office, and retain one copy for your files. I have provided addressed stamped envelopes for your convenience.

Thank-you very much for your cooperation in this matter. Please do not hesitate to contact me should you have any questions.

Sincerely,

Kevin J. Bliss

Location:
M. Dodd B Well #36
and M. Dodd A #26,
Grayburg Jackson Pool,
Eddy County, New Mexico

Dear Sir:

Enclosed please find copies of the certified receipt of notice of offset operators on the above wells. Phillips Oil Company received notice on September 6, 1983 of the M. Dodd B No. 36 and Tenneco Oil received notice on September 12, 1983 of M. Dodd A No. 26.

Also enclosed is a copy of the approval by Tenneco of our M. Dodd A #26 location. As of this date we have not received an approval from Phillips Oil Company.

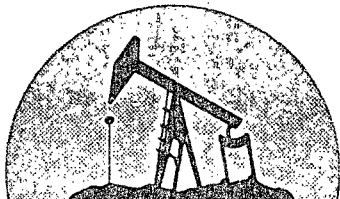

If we can be of further assistance in completing these files, please contact me.

Sincerely,

Raye Miller

Re: Application for Non-Standard
Location: M. Dobb B Well #36 and
M. Dobb A Well #26, Grayburg Jackson
Pool, Eddy County, New Mexico

We may not process the subject application for non-standard location until the required information or plats checked below (is)(are) submitted.

☒ XXX A plat must be submitted clearly showing the ownership of the offsetting leases. A new plat should accompany each application.

☒ XXX A statement must be submitted that offset owners have been notified of the application by certified mail.

Talked to Roy Miller 9-2-83, will send certified

☐ A plat must be submitted fully identifying the topography necessitating the non-standard location.

☐ Other:

Very truly yours,

R. L. STAMETS
Technical Support Chief
