Rule 5 Order No. R-2589
Dec. 8, 1983 or until
the waivers come in!*

Dear Mr. Ramey,

The Superior Oil Company is applying for an unorthodox location to drill the Mescalero Ridge Well No. 2 at a location 660' FNL and 1580' FWL which is 400' from the center of the quarter/quarter section. Rules call for the location to be within 200' of the quarter/quarter section. The location was moved because of a pipeline at the regular location.

All Offset Operators have been notified of this application (see attached list). Notice was sent by certified mail on the above date.

Administrative approval is requested on this application because of the above described topographical conditions. If additional information is needed please call Lorraine Maroney, collect, at 915/699-2637.
