Attention: Division Director

Gentlemen:

**NORTH HACKBERRY YATES
SEVEN RIVERS POOL**

Gulf requests administrative approval for the unorthodox location of our infill wells, numbers 119 and 120, on our North Hackberry Yates Unit. These wells are located within the waterflood unit boundary and Gulf is the offsetting operator to these locations. These wells are being added to the secondary recovery project to gain additional reserves by implementing an efficient production and injection pattern. Enclosed are plats of the area and of the waterflood unit.

Yours very truly,

R. C. Anderson
