Dear Joe:

Attached in duplicate (to each office) is a well location plat (C-102) with an ownership plat for the referenced well.

Due to poor sand development in the NW SE of section 31 we prefer to locate the referenced well in the SE SE. Because of steep topography this is the only acceptable location.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to the authority of rule 104-E we respectfully request your approval of an exemption to the standard well location requirements.

Very truly yours,

John Orr

Dear Joe:

Attached is a copy of the referenced application mailed April 16, 1984. It is my understanding that this request was approved by your Aztec office. We have not received an NSL order as yet.

Please advise as to the status of the NSL so that we may schedule this well for drilling.

Very truly yours,
