RE: Application for Unorthodox Location
Moore 7E
2180' FSL & 1450' FEL
Sec. 4, T30N, R8W
San Juan County, NM

Basin Dakota

Gentlemen:

Attached in duplicate (to each office) are a well location plat (C-102) with an ownership plat for the above referenced well.

Due to steep topography canyon to the south and a well on the east and the existence of an archaeological site to the west of the pad, this location does not meet state spacing requirements. This is the only geologic and topographic site acceptable.

Pursuant to the authority of Rule 104-F, we respectfully request your approval of an exemption to the standard well location requirements.

Very truly yours,

TENNECO OIL COMPANY
