Gentlemen:

Reference is made to your application for a non-standard location for your Romero Federal No. 1E well to be located 985 feet from the South line and 1850 feet from the West line of Section 6, Township 29 North, Range 4 West, NMPM, Basin Dakota Pool, Rio Arriba County, New Mexico. The W/2 of said Section 6 shall be dedicated to the well.

By authority granted me under the provisions of Rule 104 F(I), the above-described unorthodox location is hereby approved.

Sincerely,

R. L. STAMETS, DIRECTOR

REMARKS: The western quarter-quarter sections are irregular sized. This location is non-standard by being too close to the eastern drill tract boundary.
