Gentlemen:

Attached in duplicate (to each office) is a well location plat (C-102) with an ownership plat for the above referenced well.

Due to rock ledges to the south and east, this location does not meet state spacing requirements. This is the only geologic and topographic site acceptable.

Pursuant to the authority of Rule 104-F, we respectfully request your approval of an exemption to the standard well location requirements.

Very truly yours,

TENNECO OIL COMPANY
