*Basin Dakota Pool
300 Acres decd
8/2 Section 34*

Dear Mr. LeMay:

Union Texas Petroleum requests administrative approval of an unorthodox location for a Basin Dakota completion. The basis for our request is for topographic reasons. A standard location (1850' FSL and 1850' FEL) would require that we block a small arroyo located between two small mesas.

All offset operators have been notified of our intentions.

Very truly yours,

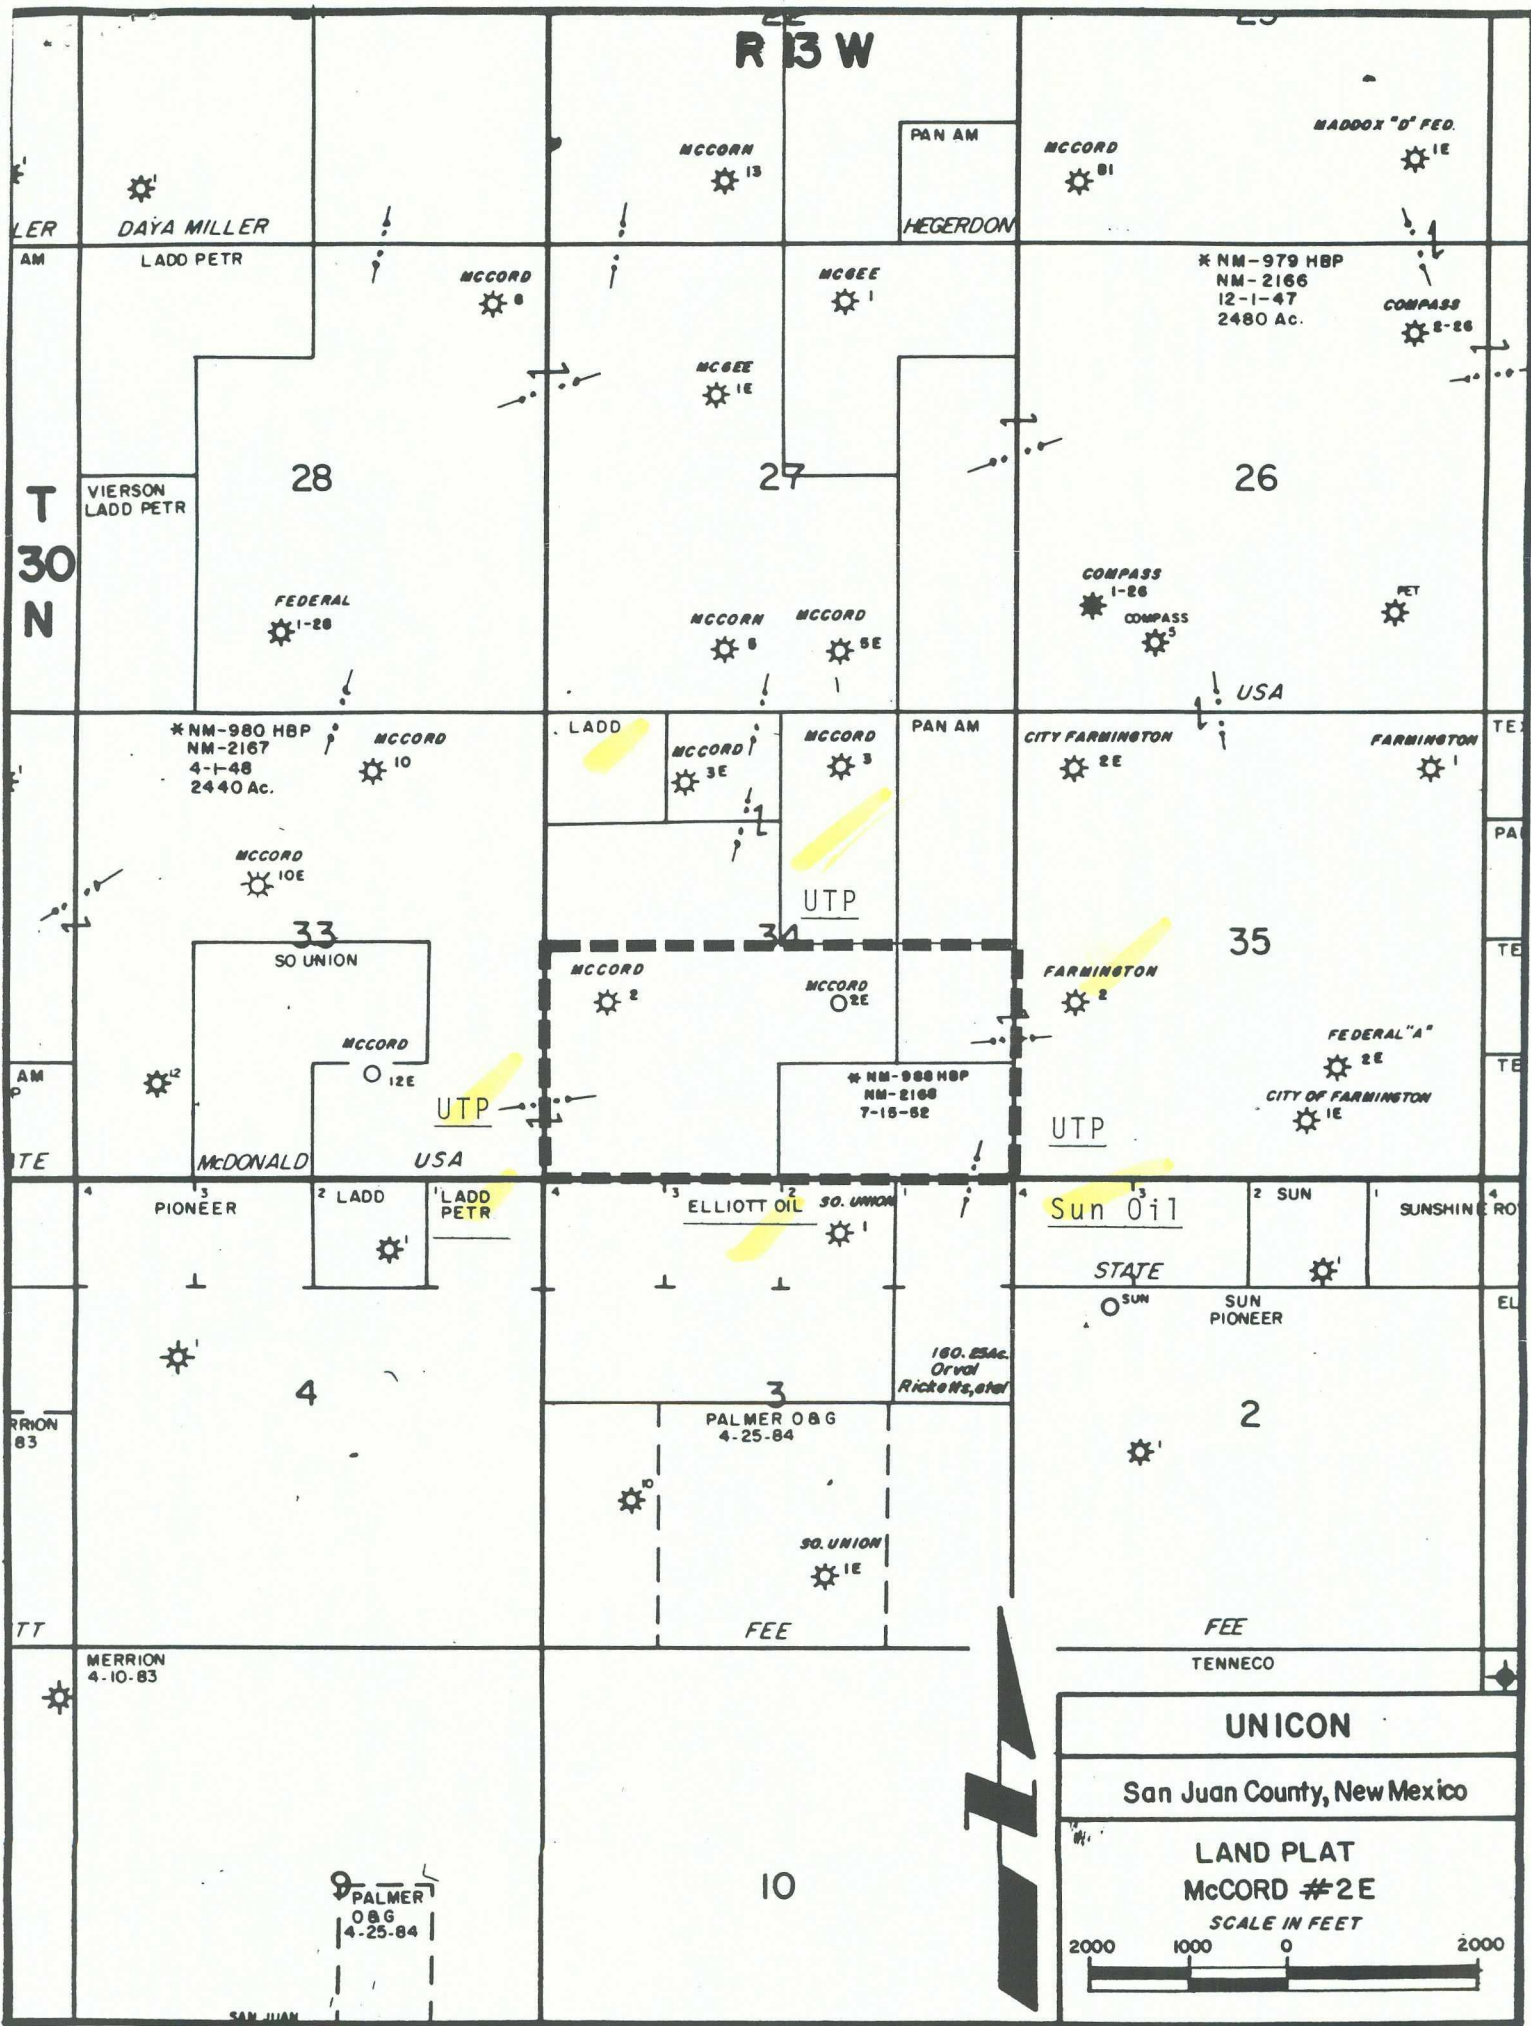

Robert C. Frank
