Dear Mr. LeMay:

McClellan Oil Corporation would appreciate an administrative approval for a non-standard Abo gas well location, as provided for under NMOCD Rule 104F.

The enclosed map shows the topography problem surrounding the well. Our preferred location of 1980 FSL & 660 FEL was unacceptable due to the presence of the draw & caves in the area. We are requesting administrative approval for this location for topographical reasons.

The enclosed lease map shows the offset operator who has been notified by certified mail of our request.

We will appreciate your expeditious approval and issuance of the administrative order.

Sincerely,

Mark McClellan
