Re: Administrative Approval Unorthodox Location Approval Recompletion in Otero Chacra Angel Peak B #37 795' FNI & 569' FFI

795' FNL & 569' FEL Section 24-T28N-R11W

Dear Mr. LeMay:

Union Texas Petroleum requests Administrative Approval for an Unorthodox Location for an Otero Chacra recompletion. This well is currently completed in the Armenta Gallup. We intend to temporarily abandon the Gallup until such time as the reservior pressures are compatible for commingling with the Chacra. A sundry notice has been filed outlining the aforementioned recompletion procedure.

The only offset operator adjacent to the Otero Chacra "proration" unit is Meridian Oil, Inc. and they were notified by a letter of this date of our intentions.

If I may be of any further assistance, please advise.

Very truly yours,

Robert C. Frank Permit Coordinator

Robert C. Trank
