NSL-2376  
RULE-104 F (II)  
Bluitt Wolfcamp Gas Pool  
320 Acre ded. W/2 Sec 27

Gentlemen:

H. L. Brown, Jr., P. O. Box 2237, Midland, Texas 79702, pursuant to Rule 104 of the Oil Conservation Division's Rules and Regulations, hereby makes application for an unorthodox gas well location in Roosevelt County, New Mexico.

H. L. Brown, Jr. respectfully requests approval for the unorthodox location of Well No. 1 Federal "27" COM to be drilled 660 feet from the West line and 1650 feet from the North line of Section 27, Township 7 South, Range 37 East, Bluitt Wolfcamp Gas Pool, the W/2 of said Section 27 to be dedicated to the well. *well No. 1*

A plat showing wells in the Bluitt-Wolfcamp Gas Pool, dedicated acreage, and the proposed well location is attached.

If there are any questions concerning this application, or if any additional information is needed, please let me know.

Sincerely,

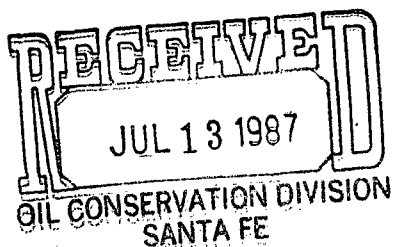

*Carl Bird*

RE: Federal #27 - Com. #1  
Roosevelt County, New Mexico  
Unorthodox Location  
W1650'FNL & 660'FWL  
Section 27, T-7S, R-37E

Dear Sir:

In support of our application for an unorthodox location for the captioned well, attached please find a geological structure map of the area.

You will notice that we have a seismic line that runs roughly from the Southeast to the Northwest through our location. This seismic line, together with control from other wells in the area, defines our structure to the point that if we moved our location east to be in compliance, we would miss the high.\*

The only offset operators around this unit, besides H.L. Brown, are to the south and should not be affected by this location. We have notified them of our application.

We request permission to drill this unorthodox location. If you need any further information, please feel free to call me at (915)683-5216.

Sincerely,

Carl Bird  
Production Engineer  
H. L. Brown, Jr.
