Gentlemen:

SUBJECT: REQUEST FOR ADMINISTRATIVE APPROVAL - UNORTHODOX LOCATION

NORTH HOBBS (Gb/SA) UNIT SECTION 31, WELL NO. 322 HOBBS (Gb/SA) POOL

LEA COUNTY, NEW MEXICO

Shell Western respectfully requests administrative approval to drill the subject well at the following unorthodox location:

2480' FNL and 1509' FEL, Section 31, T18S-R38E

The proposed well will be completed as an injector and is necessary to complete a north-south line drive flood pattern in the eastern portion of Section 31 (see Attachment 1).

Inasmuch as the proposed location is unorthodox only with respect to the 330 feet stand-off distance from the $\frac{1}{4}$ section line and Shell Western operates all offsetting proration units, we request that the 20-day waiting period be waived.

Yours very truly,

a.J. June
